

Dear MALARSELVI A/P RAWAMANY,

At AIA, we constantly review and enhance our suite of medical plans so that our customers continue to have the most comprehensive coverage and medical benefits. Aside from covering your medical bills, we also want you to live an active and healthier lifestyle so that you can fulfill your dreams and financial aspirations.

However, due to the increase in healthcare-related cost which continues to rise at a double-digit pace, we wish to inform you that your existing annual insurance premium for your medical policy will be revised to RM1,094.16 effective 08/09/2021 to ensure that you are adequately protected in the long run.

Hence, we would like to offer you an opportunity to upgrade your current medical plan to **A-Life Med Regular together with the all-new A-Plus Health Booster medical rider**, our latest medical rider which can provide you with higher annual limit and enhanced out-patient benefit as below:

- **Health Wallet** – A benefit that rewards you for every year that you don't make a claim¹
